(b) to (d) Representations have been received from the Govt, of Kerala for increasing the bound rate of import duty on Natural Rubber (NR). At present, NR is classified under industrial products and the WTO Bound Rate of Duty is 25% which is also the current import duty. Under the ongoing negotiations with WTO, the Government have already filed its negotiating proposals for including NR in the rationalisation of product coverage in the Agreement on Agriculture so that the bound rate of duty on NR can be enhanced from the existing level of 25%. However, on natural rubber latex, whether or not pre vulcanised, which is not bound under the WTO, the basic customs duty has been increased from 35% to 70% with effect from 01.03.2002.
